Clairmont and District Come Through Handsomely With Financial Support M.P.H.A.

Over \$80 Realized At Dance And Box Social—Further \$70 To Be Turned Over To The Central Organization—Expected That Clairmont Will Turn In Enough Money To Cut Two Miles Of Trail—Alex Monkman, Mrs. Gust Dumont Of Dawson Creek And Albert Smith Address Gathering—E. V. Bergin Was Master Of Ceremonies.

(By Tribune Representative)

Clairmont, this wee but mighty village, whose people have a habit of doing things well, lived up to its reputation on Friday night last when at a dance and box social and card party, held to raise money for the Monkman Pass highway project, a sum between eighty and eighty-one dollars was realized. A crowd estimated at in a neighborhood of one hundred and fifty attended.

The evening's entertainment was in charge of the Clairmont branch of the Monkman Pass Highway Association. E. V. Bergin, secretary, was master of

Junior Grain Club Organization Meet Saturday, April 16

The annual organization meeting of the Grande Prairie District Junior Wheat and Oat Club will be held in the town hall at Grande Prairie on Saturday, April 16.

This is an opportunity for every young man in the area to join this splendid organization and have the opportunity to secure choice registered as well as to have instruction in the latest and best methods of producing same. Members of this wheat and oat club have made a name for themselves all over Canada. However, new blood is essential if this club is to do the good it should. No matter if you live at Sasmash, Wembley, La Glace, Huelan or Glen Leslie, you are eligible to join. Members joining must be between 15 and 22 years of age and must agree to grow at least three acres of registered grain on summerfallow or breaking. Your membership fee of three dollars entitles you to either 270 pounds of wheat or oats. This is the best way in which to get a start with clean, pure seed. It is really an opportunity to secure it for the future.

Meetings are held from time to time, at which judging classes are held, seed identification, methods of protein growing and all phases of the grain industry discussed. It is a splendid chance for all young people to gain instruction by practical work in this phase of farming.

Those desiring to join should let the District Agriculturist know on or before April 16, 1938, the name and address of the first meeting of the year. This meeting will be held in the town hall, Grande Prairie, and in addition to the business meeting moving pictures will be shown. All interested are asked to attend.

Ladies of Grande Prairie Curling Club Enjoy Banquet

On Tuesday evening, April 5, the members of the Grande Prairie Ladies' Curling Club gathered at the Donald Cafe, where they enjoyed a delicious banquet, as a climax to a most enjoyable season of curling.

After the banquet the ladies were guests of the management of the Capitol Theatre and fully enjoyed the film production.

Although the membership this season was not as large as some former seasons, the executive hope to increase it to a larger size.

Among those present at the banquet were: Mrs. L. J. O'Brien, Mrs. A. Campbell, Mrs. J. Shields, Mrs. J. Flood, Mrs. A. Fields, Mrs. A. Murphy, Mrs. T. Massee, Mrs. O. Bouchard, Mrs. H. Hofer, Miss Borwick, Mrs. E. M. Beestlestone, Mrs. E. Bliss.

Consulting Engineer To Arrive Here End Of Week

Mayor Tooley informs The Tribune that he has received word from Mr. Haddin of Haddin & Miles, consulting engineers, to the effect that he will arrive in Grande Prairie at the end of the week to consult with the town on the installation of the water and sewer system and other matters concerning the same.

The Mayor further stated that after this consultation the town will feel justified in going ahead. "There is an old saying, 'be sure you are right, and then go ahead.'

M.P.H.A. EXECUTIVE MAKE PLANS FOR TRAIL CUTTING

WEMBLEY, April 5.—An executive meeting of the Monkman Pass Highway Association was held in Wembley last Friday, with practically all members present. Mr. E. V. Bergin, master of the Clairmont branch of the Monkman Pass Highway Association, was also in attendance.

President Crosbie McNaught was in the chair.

Following the reading of a report, the work of the delegates at Vancouver was endorsed.

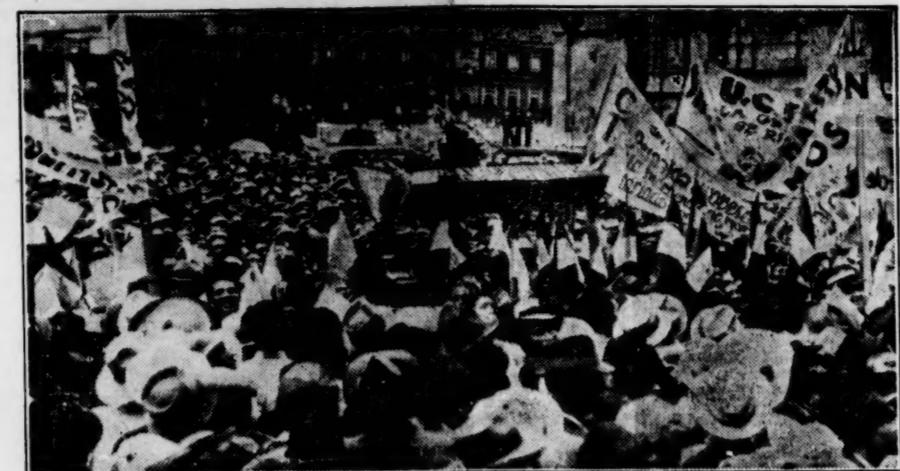

Mr. E. V. Bergin, master of La Glace was appointed camp foreman.

Albert Smith was appointed super-intendent to engage men and arrange for supplies and finances.

Mr. Smith reported that he had 60 applications from men who desire to work on the trail. He explained 30 of a crew is all the men necessary at present, owing to the fact that there is only equipment for this number. Two-thirds of this number will be taken from the Grande Prairie district and one-third from the Block.

CHARMING MAY QUEEN

First of the crop of May Day Queen is Miss Marjorie Winston, above, who will rule over Duke University's May Day festivities at Durham, N.C.

AB 250,000 MEXICANS SECDED THE OIL DECREE

A part of the 250,000 Mexicans who marched in Mexico City in an unprecedented parade is shown as they shouted their approval of President Franklin D. Roosevelt's decree by which his government took over the oil wealth of Mexico. Agents of British and American oil companies are reported leaving the country as fast as their passports can be arranged. Maybe the crowd was not so enthusiastic after President Roosevelt decreed that the United States would not buy any more silver from Mexico, a move which cuts Mexico's income in half.

Short Speeches

At midnight, following the auctioneering, time was taken out for short speeches.

Alex Monkman, who was the first speaker introduced, gave a brief history of the Monkman Pass Highway Association, which started at Halcyon at a meeting where there were only eleven.

Mr. Monkman drew attention to the benefits that will be derived by the

"Are You a Mason" Goes Over Big At Grande Prairie

Play Presented By Spirit River Dramatic Club—Cast A Talented One, All Of Whom Played Their Respective Parts Well, Notwithstanding That Company Experienced Highway Grief.

Anyone present at the performance of the Spirit River Dramatic Club in "Are You a Mason?" presented by them on Friday, April 1, in Grande Prairie, in aid of the Monkman Pass Highway Association, wondered how they could possibly have retained their enthusiasm after passing the mournful news of the death of Mr. C. H. Miller, in Grande Prairie, fainted, and fainted, but nevertheless presenting a better performance than could be expected with such handicap.

The people of Grande Prairie are grateful to this club and hope this won't be the only occasion they may have the privilege of enjoying one of their presentations.

Scene of the play was laid in New York City. Frank Perry was to get a loan of money from Mr. Bloodgood to enable him to participate in a building project. Frank's wife wanted him

A Grand Old Darling" AT LA GLACE APRIL 8TH

"A Grand Old Darling," sponsored by the Beaver Lodge Oldtimers and under the able direction of Billy Johnson, will be presented at La Glace on Friday night, April 8. The proceeds will go towards the Monkman Pass highway project.

The play has been making a real hit at the points where it has been presented. Everyone is invited to see this bang-up show and support the Monkman Pass Highway Association.

EDMONTON.—Rev. Father U. Langlois, Edmonton, has been made Roman Catholic Vicar Apostolic of the Peace River diocese of Grouard.

On Sunday the same day, Pilot from the Yukon, Tweed, spent the night at Grande Prairie and left Monday morning with the following passengers: Mrs. D. J. McDonald and C. L. Berry, J. F. Topping and R. F. Maitland.

Mail plane from Fort St. John on Thursday morning, Mr. Stickney of Hythe will be a passenger for Edmonton.

JOHN OSZUST READY TO COMMENCE DRILLING WELL

John Oszust of Beaver Lodge, who recently arrived from Calgary, where he purchased added equipment, has moved his well drilling outfit to Grande Prairie and is about ready to start the drilling of an extra town well which will be utilized in the water and sewer system.

Regrets Expressed At Resignation Of P. J. Tooley As Secretary—W. J. Thomson Elected To The Position—Board Of Trade To Sponsor A Cabin For The Girls' Work Board At Saskatoon Island—Dinner Meeting Monday Next.

The membership committee of the Grande Prairie Board of Trade had reached their objective of 100 members was the report presented by J. Jaeger, chairman of the committee, at a meeting of the executive board in the council chamber of the Town Hall on Tuesday night.

President O. B. Harris was in the chair and in the absence of Secretary P. J. Tooley, P. E. Thorpe filled the position of secretary.

Mr. Tooley, who has been secretary for some time, sent in his resignation, due to pressure of other business. His resignation was accepted with regrets and a vote of appreciation was unanimously passed for his untiring efforts in the interests of the Board of Trade.

W. E. Thompson was elected to fill the position.

P. D. Hickman, chairman of the entertainment committee, informed the meeting that the next dinner meeting will be held on Monday next, at which slides would be shown by G. S. Black, District Agriculturist. The popularity of such meetings was indicated by the fact that there were 72 members present at the first meeting.

It was suggested that the report of the executive meetings to the dinner meetings be condensed as much as possible. This idea was embodied in a motion and carried.

Size of these slides will be 12x10 feet.

J. I. Case "Spring Opening Day" Attracted Large Crowd Interested Farmers Tuesday

First Day Given Over To Dealers, Who Were Interested In Equipment Or Freight—Railway Officials Lost No Time In Relieving The Situation.

It is said troubles never come singly, but it never rains but it pours, and this has been the experience of the Northern Alberta Railways during the past week.

Last Saturday the passenger train was delayed for 16½ hours behind a freight wreck just east of Smith which occurred Friday night. No one was hurt in the wreck and neither cars nor freight were damaged because none of the cars turned over.

Then on Monday the passenger train from the west was derailed at the west switch at Lymburn. The next day the engine and auxiliary train from McLeman to re-rail the engine and baggage car. An emergency train, with one coach, left Hythe at 7:30 p.m. and transferred the mail and passengers and proceeded to McLeaman, where transfer was made to the regular equipment. The engine and passenger cars of the derailed train went through on Tuesday afternoon. As in the case of the wreck at Smith, no one was injured and little damage done to rolling stock.

At this meeting modern conditions and present trends were discussed, as well as seasonal units.

How to build up better service to customers and how to obtain low total cost of farming were stressed by Mr. Heiters in an interesting talk.

"Spring Opening Day"

The second day, "Spring Opening Day," to which all farmers were invited, included a moving picture of the building of the Case tractors; "The Burning Question," showing low grade fuels and how to use them.

A technicolor picture of a trip through rural England gave a pleasing variety to the afternoon's offering.

Mr. Heiters addressed the gathering on low total production farm costs which can be obtained through the use of Case modern farm machines.

Practical Demonstration of Case Tractors

From 4 to 6:30 farmers had an opportunity to examine a used tractor owned and operated by J. Heiters of Indian Hill for the past eight years. It was explained that the tractor had run on an average of 75 days each year and that the total repair cost was only two dollars.

The tractor was completely dismantled, so that every part could be examined. It was pointed out that the total cost, including paint, of reconditioning this tractor would be \$45 and it would be good for another eight years.

Everyone was given a chance to see "The Inside Truth" and observe how quality counts.

"This is the reason," said Mr. Heiters, "why the company says that the Case tractor's life begins at ten."

Mr. Heiters lectured on adjustments of the tractor and how to obtain longer life with lower upkeep costs and how to reduce total power costs.

THE NORTHERN TRIBUNE
AN INDEPENDENT WEEKLY
NEWSPAPER

Published every Thursday at Grande Prairie, Alberta, Canada

Holder of Alberta "Better Newspapers"

Shield for Year of 1937-38

The Tribune's aim is to thoroughly "cover" the local news field with fairness to all sections and parties, also to aid in the development of the Peace River Country. The Tribune has known this northern inland empire's many advantages as a home-land. All news is printed without intentional distortion. The paper's opinions are expressed only in its editorial columns.

Letters for publication are welcomed. A pen name may be used, but correspondents must also sign their proper names, not necessarily their publication, but as evidence of good faith. In publishing a communication The Tribune does not imply agreement.

Legal and other advertising rates furnished on application.

J. B. YULE, Editor.

Dad's Notions

By E. S. Stanley

John Bales—I will call him—a Quaker, was cleaning up his feed lot with a fork. Suddenly, to his astonishment—and, as he believed, divine guidance—there stood before him a colored man, so agitated he could scarcely speak. He was a fleeing slave who would be nearly killed if he were caught. The sound of his pursuers was heard, indeed, they were glimpsed around the bend.

"Lay down, friend. I'll cover thee up," said John. When he hesitated for fear of detection John reassured him "God is with us: He has used me to help many a slave to freedom, and I have never yet failed."

John continued his task in a leisurely manner.

"Hey, there!" called one as the foaming steeds were brought to a bracing stop. "Did you see a nigger?" Cupping his ear to feign dull hearing, John asked what they wanted. "Did you see a nigger?" they repeated, now shouting. "Did you—say—you-lost-a-sow?" drawled John, very deliberately. "No-o!" they stormed, "a nigger!" "Did-you-say-it-was-a-Jersey?"

He was hopeless. One of them thought the d—f fool wouldn't know if he saw one. "But where in hell did you see one?" John justly queried that fence!" said another. And fearing to lose a moment, the spurs were again applied. Though the country was scoured, no trace could be found. The earth seemed to have swallowed him up at that deaf man's home. They didn't know that this was the first station to the "underground railways."

Not often does a master give up a slave without a struggle—a struggle that sometimes ends in his own destruction.

Though direct human slavery has ended since that time, a more extensive system of exploitation was pounced upon for fuller development—and slavery still continues. Interest on money, and profits are some of the means used to this end.

This is not speaking of interest sufficient to cover fair wages and the outlays connected with the handling of money; nor is it speaking of profits commensurate with expenses and labor involved. None denies that expenses must be met; and all admit that wages in any lawful effort are right and proper. But more than this, and a reasonable reserve fund, is extortion and robbery—it is slavery.

Usage does not change the blackness of a practice: The fact that some of such monies is put to good use does not mitigate the villainy. If it did, the brothel could be as respectable as a charity gift, and a bandit an esteemed citizen by a few benevolent deeds. But let them do what they may, the brothel rightly remains infamous and the bandit a public enemy.

Some blame machines and new inventions for our troubles; others leap upon our monetary system as the cause of our grief. But neither of these touches the heart of the sore.

Master and slave, to my notion, is the pith of the matter. No man claims to own my body, but—believe it or not, there are plenty who claim the ownership of a part of my earnings, not less than one-fourth of them—and I am powerless to refuse. The black man could flee and, if lucky, escape; but from this our bondage we can't flee nor escape.

They get something for nothing by assuming ownership of part of my earnings. This is looked upon as respectable, but I know it is slavery.

Loaning and re-loaning at interest rates in excess of expenses and labor involved—allowing the users of man-displacing machinery and inventions to keep more of the profits than expenses and wages reasonable—wages could allow, any other procedure that brings to the person more than fair net wage-returns: these I submit are the microbes that give rise to a raging fever, making us delirious in economic affairs.

The slave and the master is the root of our trouble.

Give the slave his freedom, and the master his tasks. When each does his share of the world's production, work, and each receives a just and equal recompense, the rich should have plenty and the poor will not lack. What more could a rational man ask?

To the Editor of The Tribune.

**HOW ARE WE TO
GO FROM HERE?**

By C. J. Wilkie

The heading of this article, "How Are We to Go From Here?" is almost synonymous to "What's to Be Done with the Machine?", the power that appeared in the editorial column of The Tribune, March 10. Economic questions, these, eh? Yes, and they carry profound social implications; indeed, they penetrate our whole social fabric to such a degree that it would behoove us to be very careful as to how we answer them, because the year or two of not only the present but of many future generations is dependent upon the manner in which they are met and answered. That it is imperative that we should set about answering them without further delay should certainly be obvious to everyone. What are the reactions of the men, women and children who are forced by economic conditions prevailing under the present regime to submit under a plan known by the odious term "relief"? What is the answer to what is happening to our financial system today? Very significant things.

In a recent issue of the Free Press Prairie Farmer an article appeared entitled "Millions for Lending and no Borrowers." The first part of this article reads as follows:

"An inconspicuous item in the news recently told of United States banks lending money to the government without interest but it spoke volumes to students of economics and finance. This item stated certain banks, overloaded with idle funds, were letting Uncle Sam have loans from the surplus funds at a rate of 1 per cent.

In a recent issue of the Free Press Prairie Farmer an article appeared entitled "Millions for Lending and no Borrowers." The first part of this article reads as follows:

"An inconspicuous item in the news recently told of United States banks lending money to the government without interest but it spoke volumes to students of economics and finance. This item stated certain banks, overloaded with idle funds, were letting Uncle Sam have loans from the surplus funds at a rate of 1 per cent.

What is happening to our financial system today? Very significant things.

Timely Hints From the Beaverlodge Sub-Station

By W. D. Albright
"IT IS A PLEASURE AS WELL AS A DUTY TO SERVE"

The March lamb learned to roar towards the last.

Wind shelter is still the first essential of home planting on the plains.

For a few cents worth of Derris powder who wouldn't protect his cattle beast from the gophers?

Victory oats and Red Bobs wheat have been in great demand this year, says Frank Foulds, District Supervisor, Dominion Seed Branch, Calgary. Abundance and Banner oats and to a certain extent Legacy oats moved slowly until other supplies became available.

Much fall-cultivated stubble awaits the seed this spring. The question is what further preparation to give it. Some will be tiller-combined; some will be cultivated; some will be plowed. Decision must depend upon conditions and implements available.

In the first treatment for warble fly control in the Lakeshore area, the Peace River Block of British Columbia, writes Gunnar Mortenson, 221 animals were washed and nearly three thousand warbles were counted, with as many as 76 in one cow.

A February issue of *Timely Hints* carried an item about electric fencing

L.W.R. that Red Bobs 222 is now a more profitable wheat than Garnet for a good many northern growers, although there will be years when degrading will occur through plowing and smut will have to be carefully watched.

Harrowing or Floating After Cultivation—Wheat for Progress District

Some fall plowing on high ground light or white. Am going to spring-tooth the spring and either follow with harrows or float the surface, in your opinion would be the better?

2. Which is the better wheat for the Progress district, Garnet or Reward?

Ans.: 1. It would seem well in this case to follow the cultivator with the harrow rather than the log float and to do it promptly enough to crumble the lumps before they set hard. In many cases, however, this figure will be nearly doubled, states C. J. Wilkinson, Dominion Experimental Station, Bosther, Saskatchewan, but with proper floating or proper handling, it can be reduced considerably.

With another season of work not far away, now is an opportune time to get drills, disk harrows, initiators, and other machinery checked over. A few hours work tightening loose bolts and bearings, replacing worn or missing parts, will likely save valuable time during the busy season. It is a paying proposition for the farmer to be able to take his machinery into the field at the start of the season in first condition.

2. For many farmers in the brushy districts Garnet is safer than Reward because of the higher and more frost-safe straw. It would try to reward 222 or Red Bobs 222.

There is, however, no use in growing Reward if one is going to get panicles and cut it green. Nor should it or Red Bobs fail to receive very careful treatment for smut.

3. Soil-Seed Inoculation of Legumes

Some time ago I received a pamphlet on your experiments at the Experiment Station. I greatly appreciate getting this booklet. On page 33 mention is made of "moist, earth-coated seed inoculated by the soil-seed method." I do not understand what is meant by "soil-seed method." —S.E.T.

Ans.: The term "soil-seed" inoculation as here used denotes the application to the legume seed of soil carrying the desired nodule bacteria. The application may be made in one of several ways. First of all, in any case, the soil contains some fine raw-soil seed from a place where the crop for which he wishes to inoculate (or some other crop sharing the same group of nodule bacteria, e.g. sweet clover and alfalfa) has been recently grown thrifly. All the better if plenty of nodules are mashed up with it. This soil if damp enough to adhere well might be simply screened to remove lumps of stones that would interfere with seedling and root mix with the seed until the seed becomes earthy. To make the soil adhere more plentifully it is customary to sprinkle the seed first with a solution made by dissolving a few cents worth of furniture glue in hot water then cooling, diluting and sprinkling over the seed, after which the sifted earth is dusted over it and mixed thoroughly. Sweet clover may be used as a liquid instead of the dry solution. After the earth is applied the process is sufficiently dried and crumbled to feel through the seeder, though it is probably advantageous if the soil retains some trace of moisture. The soil-treated seed should look good and dry.

N.B.—In selecting soil one should look out for weed seeds and avoid areas where a weak or diseased crop has grown.

SHOULD PLAN NOW TO COMBAT MOSQUITOES

According to the Dominion Entomologist, the slender, delicately built insects known as mosquitoes are among the worst blood-sucking flies which attack man and animals in many parts of Canada. Frequently barnacles, flies, small ants and similar insects are confused with mosquitoes, but the latter can always be recognized by the long, slender head, or proboscis, and the presence of tiny scales on the veins and margins of the wings. Not only are mosquitoes a source of great annoyance to humans but they also occasion much loss by worrying live stock. In some of the worst infestations marked drop in milk production is noted. In cows at the commencement of the mosquito season, practical dairymen have stated that this may be as much as 40 per cent. Other classes of animals lose flesh through loss of blood and worry, and in extreme cases death may result, especially among young animals. Even poultry and other birds are affected by these insects.

The females of most of the sixty or more species of mosquitoes that are found in Canada are bloodsuckers, and while they vary considerably in their life-histories and habits, all of them require more or less stagnant water for the immature stages (larvae and pupae) to develop. It is quite impossible for them to develop in damp grass or in dew on vegetation, although the fact that they are aquatic is the fact that the larvae and pupae develop only in water, and that although they are aquatic, they must frequently come to the water surface for air, makes it possible to destroy them in vast numbers before they have a chance to emerge. This is done by spraying pools and flooded areas with petroleum oil, such as fuel oil, in spring and early summer. The oil should be properly planed and, if possible, carried out on a community scale, to give the maximum results. Eliminating breeding places by drainage, filling or drying are alternative measures to oiling and of more permanent value. Further information on this subject may be secured by writing to the Publicity and Extension Branch, Dominion Department of Agriculture, Ottawa, 2.

4. GOVERNMENT BONDS? — Ah!

Surely we have come to a banzai at last.

But, have we? — Some people will tell you that the are about the only "safe" investments left. Maybe,

MAKE MACHINERY READY FOR SPRING FARM WORK

Farm machinery is a big item in the matter of farm capital and so deserves more consideration than is usually given to it. On the average farm this item will amount to about \$1.50 per acre. Depreciation is one of the greatest factors the farmer has to contend with in this connection and is usually figured at about ten per cent. In many cases, however, this figure will be nearly doubled, states C. J. Wilkinson, Dominion Experimental Station, Bosther, Saskatchewan, but with proper floating or proper handling, it can be reduced considerably.

With another season of work not far away, now is an opportune time to get drills, disk harrows, initiators, and other machinery checked over. A few hours work tightening loose bolts and bearings, replacing worn or missing parts, will likely save valuable time during the busy season. It is a paying proposition for the farmer to be able to take his machinery into the field at the start of the season in first condition.

3. It is not surprising that under the conditions of the Crop Testing Group, Red Bobs 222 would mature very nearly at the same time as Garnet. The later the maturing period the greater the tendency for early and late varieties to approach each other in ripening dates. Where maturity is more tardy, and runs into the fall, there would be greater difference. We believe going to do it through the use of a

soil-seed inoculation of the seed.

4. GOVERNMENT BONDS? — Ah!

Surely we have come to a banzai at last.

But, have we? — Some people

will tell you that the are about the only "safe" investments left. Maybe,

and in California for tomatoes, potatoes, corn and tobacco. The millers of Cleveland, Ohio, are putting it into practical growing of many other kinds of food and experiments with it. The yield by this process is 2,500 bushels of potatoes per acre of surface. A correspondingly high yield is attained with all other kinds of vegetation. Tank-farming doesn't require met to hoe, weed, irrigate, etc. We might just as well bear in mind that when scientists set out to do a certain thing, they have the habit of "delivering the goods." It certainly looks as though the dirt and dust might be up against some pretty stiff competition in this field some day—not far off!

It is hardly necessary to write about modern farm power machinery, which is such a far-cry from hoes, spades, scythes, "foot-burners," cradles, flails, etc. Although, it might be interesting to those of you who have not heard about the Rotoractor, to learn something about it. Those persons, who have an aversion to the little ritual of "rotoractor" tests twice per day, will no doubt be especially interested.

With another season of work not far away, now is an opportune time to get drills, disk harrows, initiators, and other machinery checked over. A few hours work tightening loose bolts and bearings, replacing worn or missing parts, will likely save valuable time during the busy season. It is a paying proposition for the farmer to be able to take his machinery into the field at the start of the season in first condition.

Death Claims Little Daughter, Mr. and Mrs. Al Hayes

We regret to report the death of little Doreen Hayes, youngest daughter of Mr. and Mrs. Al Hayes of Sexsmith, who passed away at the Grande Prairie Municipal Hospital on Thursday, March 31, after a short illness. Doreen would have been two years of age this coming Easter.

The funeral service was held at the Catholic Church on Sunday afternoon, and the building was not large enough to hold all those who came to show their respect and sympathy for the bereaved family. The casket was surrounded with floral offerings. Father McGuire was the officiating priest.

The pallbearers were: Junior Weicker, B. Hall, Bob Turner, Tom Meen, B. Brown. The interment took place in the Edmonton Trail cemetery.

Both the mother and father, one brother, Albert, and sister, Marjory, are left to mourn her loss.

The sympathy of the community is extended to the family in their bereavement.

Floral Offerings

Mr. and Mrs. J. A. Weicker and family; Mr. and Mrs. Wm. Hall and family; children of the United Church; Dad, Mother, Albert and Marjory; Granddad, Grandmother, Walter, Mary and Gordon; Mr. and Mrs. Harley Conrad and family; Jack, Barron and Ethel; Mr. and Mrs. W. Johnson; Mr. and Mrs. Robt. Johnston and family; Mr. J. P. McLean, Esq.; Mr. and Mrs. J. N. McLean and family; Mr. and Mrs. Roy Roberts; Mr. and Mrs. Ed. Groat; Mr. and Mrs. D. L. Innes; Mr. and Mrs. Jack Nees; Mr. and Mrs. Uebach; George, Gurtcha and Norman; the Grain Buyers; Miss Ida M. Housman; Mrs. Dorothy Odlin; Mr. and Mrs. Lucker and family; Mr. and Mrs. A. Stabler. There were several others but the cards were missing.

CARD OF THANKS

Mr. and Mrs. Al Hayes wish to thank all those who contributed floral offerings, also for the sympathy extended to them by their friends and especially to Dr. Ganeey and the nurses of the Grande Prairie Municipal Hospital for their kindness during the sickness of their daughter, Doreen.

WOMEN'S INSTITUTE TO PRESENT PLAY APRIL 18

The Women's Institute of Sexsmith will present a play in Stabler's Hall on Easter Monday, April 18. "Called Mammy's Lil' Wild Rose." There will be a special matinee on the afternoon of the same day for the children. The play is a comedy-drama of the Sunny South, in three acts, and the scene is laid on the mountains of Virginia. The cast is as follows:

Daniel French (a young man from the city).....Stanley Foster Lester Van (Daniel's scheming chum).....Harold McFarlane Wade Carver (an unwelcome suitor and villain).....Roy Roberts Orph Jackson (a native).....James (James).....Bob Sharp Old Joe (dad's a face).....Johnny McPhail Rose O'May (Mammy's Lil' Wild Rose).....Hilda Muttart Mammy Celle (a black treasure).....Ida May Housman Hester O'May (Rose's maiden aunt).....Mrs. H. M. McMillan Peggy French (Daniel's sister).....Muriel Weicker Letty Van (Peggy's chum).....Mrs. Jack Neys Butie Joan (a mountain chum).....Mrs. Bob Sharp Mrs. Courtivane (a lonely woman).....Mrs. Wm. Hall

HIGH PRAIRIE

JOLLY TIME AT SURPRISE PARTY

HIGH PRAIRIE, April 4.—A delightful surprise party was given Miss Nancy King on the occasion of her twentieth birthday at the home of Mr. and Mrs. Geo. Leaming, on March 30. Some thirty guests attended and enjoyed a jolly time with bingo, cards, lexicton, and sticks. Many lovely gifts were given the popular guest of honor and at supper time a gorgeous birthday cake with twenty candles was duly presented—and every candle was blown out at the very first attempt. Both town and country guests departed declaring the Leaming family most delightful entertainers.

HOSPITAL LADIES' AID

The new Hospital Ladies' Aid, with Mrs. Dan Hayden as president, Mrs. Max Vanderhaegen, vice-president, and Miss L. Vanderhaegen, secretary, reported great success and a gratifying interest shown by the entire settlement in this worthy work.

NEWS JOTTINGS

The Kortzman family are enjoying a visit from their grandmother, who arrived on the train on Monday.

Frank Kossakowski expects to begin the erection of a new residence on his farm on Sunshine Highway, west of town.

Black, cawing crows, hawks and wild ducks have appeared and along West Prairie River a solitary robin has been reported. In spite of the recent snow, fields and roads are very dry for this time of year.

We are delighted to report that young George Kossak, who has been diagnosed ill at Providence Hospital with a ruptured appendix, is improving nicely under the care of Dr. Wood and the hospital attendants.

Lisle Randall and a group of small friends celebrated his ninth birthday on Sunday with a big birthday cake and all the usual trimmings.

HOLY WEEK SERVICES AT ST. PAUL'S CHURCH, HIGH PRAIRIE

Rev. Alister J. Gould.

Services for Holy Week begin on Sunday, April 10, with the Blessing of Palms, followed on Holy Thursday by High Mass at 10:30 a.m. perpetual Adoration of the faithful continuing until Friday morning at 10:30. On Friday night the Holy Friday Service will be held at 7:30. On Saturday morning, at 8:30, begins the long and beautiful service, Blessing of the new Fire and Baptismal Water and Blessing and erection of the Paschal Candle.

Easter morn.—Procession from the Rectory to the Church at which High Mass is sung with a sermon appropriate for the Easter season.

"HER STEP HUSBAND" TO BE PRESENTED APRIL 8TH

HIGH PRAIRIE, April 4.—On Easter Monday, April 8, at Legion Hall, the choir of St. Paul's Church will sponsor a delightful three-act comedy under the capable and efficient direction of Mr. C. S. Spaulding. The cast is as follows:

Philip Swanson purchasing a new accordion.

MEADOWVILLE

THE BUSY BEE BULLETIN

Friday, April 1, 1938

EDITORIAL

Last week all of the school children had the privilege of observing Mr. Wagner and his son, John, at work drilling the well at Mr. Sutherland's. It was a very interesting process.

The drilling was done by the use of a sharp, heavy piece of iron shaped like a chisel. It was fastened to the end of a pipe which was lowered into the well by means of a leather rope. The rope was operated by an engine turning a huge wheel.

While we were watching, the drilling rock was struck and a loud grinding noise was heard. Then we watched the drillers take out all the pipes and change the dull iron drill at the end for a sharp one. They were lowered again and the drilling continued.

The hole was nearly two hundred feet down into the earth but water had not yet been reached.

Your Editor. Phyllis M. Cleve.

LOCAL NEWS

A number of the students from the Bible School in Sexsmith visited the Harder family on Sunday.

Mr. and Mrs. A. Klassen and their son Arney, also Irene Blomli, were visitors at H. Wall's last Sunday.

Mary Janzen celebrated her 14th birthday anniversary last Sunday.

Country dance was held at Wall's on Wednesday evening of Friday, as usual, because H. J. Geertz was unable to attend on Friday.

Myrtle Anderson, Ole Lunde, Gunnar Gustavson and Mr. G. Clark were visitors at the Cleve home on Sunday.

Mrs. Funk and three of her children were visitors at the Wall home last Tuesday.

Born to Mr. and Mrs. Joe Anderson, a son on Friday, March 25. Both Mrs. Anderson and son are fine. Mother and Father to decide on a name.

Olaf Foss has returned to Meadowville after being in Hythe for a long time.

Irene Blomli and Ingvil and Gunnar Gustavson did very well in singing and playing at the amateur program in Wembley.

SEEN AND HEARD

Ture and Martin refused to leave Sexsmith, so a certain gentleman, finding no romance there, decided to walk home.

Frank waiting for somebody on Sunday. He did not arrive so she was lonely and blue.

Ted Richards driving east every day. Some people are wondering where he goes to.

Phyllis feeling blue. Don't worry, he'll be back soon.

Four young gentleman strolling past this morning at 7 o'clock after having the pleasure of disturbing somebody at night and everybody this morning if they would happen more often alarm clocks and roosters would not be necessary.

Philip Swanson purchasing a new accordion.

FLYING SHOT ITEMS

YOUNG PEOPLE'S PLAY WAS VERY SUCCESSFUL

FLYING SHOT, April 5.—The weather man was kind to the young people of Flying Shot last Friday, when they presented the play, "Where's Grandma?" to a very appreciative audience. Among the crowd we noticed visitors from Dilmedup, Percy, Millarston and Grande Prairie, and many assured us afterwards how much they had enjoyed the play.

The cast was as follows: Gretchen, Emma Zahn; Bob, her husband, Roy Hughson; Grandma, Mrs. Roy Hughson; Carol, Gretchen's young sister, Jean Howell; Arlene, her friend, Margaret Carl; Lucy, Jack's girl friend, Violet Luchek; Jack, Gretchen's brother, Joe Zahn; last, but not least, Dahlia, Mary Luchek; Midnight, her husband, Tom Eskdale, colored help employed the home of Gretchen and Jack. Both these characters caused much merriment whenever they appeared on the stage.

The play was most capably directed by Mrs. George Howes, who also acted as "make-up lady" and prompter.

The whole cast is to be congratulated upon the stage settings and for the smooth unfolding of the play. This was the result of many hours of practice and careful preparation, and we all say "thank you" young folks, for a very pleasant evening.

A dance followed the play, which was well attended and the dancers appeared to have an enjoyable time.

Music was supplied by Mrs. Sproule and Jack McCullough.

Tell and sell with a Tribune ad.

PIPESTONE CREEK

SOCIETY NOTES

PIPESTONE CREEK, April 5.—Everybody that we could find in the settlement across the Wabam and some others were present at the party to celebrate the occasion when Mr. and Mrs. Charlie Sutherland moved into their new residence on Saturday night last. Sing-song and dance continued until the small hours and the party was voted the most successful affair this season has seen.

A report that Carl Berg, the well-known trapper, is definitely retiring from the fur business and automobile dealer received further confirmation when he arrived here yesterday in a luxurious four-door Oldsmobile. Mr. Berg had left here but two days before in a very small two-seater.

H. M. MAIL HELD UP

A further argument in favor of one good train a week on a good track was seen on Saturday last with the train reported 16 hours late and the mail service disrupted. Various reports claim that "What's done off?"

Boiler of engine exploded. "Hot driving puts dining-car in flames." "Truck disappears into muskeg." "Side drops off box car containing mail." "Coupling breaks on hill." "Frost comes out and ruins track."

It is quite tragic to think that any of these preventable mishaps may be a reality on any day that the train sets out on its adventurous journey from Edmonton.

RANCHER TO ENTER NUNNERY

Many settlers passed through here on Friday last en route to the railway with cattle shipments. A very joyful gathering took place in town. On his way back Jim in an interview said: "I am going to give up this cattle dealing and enter a nunnery. What do they call those places of retirement where the male nuns live?"

DISKING OPERATIONS START

Mr. Clay Brooks, one of the most notable bachelors from across the river, was here three weeks ago. At that time he had a very lively social life movement was in progress amongst all bachelors over there. This, Mr. Brooks explained, was partly due to Spring and partly to the fact that it was rumored that there might be a young and handsome teacher coming, although the school board had at the time refused to tell whether it was a boy or a girl expected.

Clay said: "The dirt does accumulate so during the winter, I feel that I ought to purchase a broom if you have a real strong one. Perhaps I could, as a preliminary, borrow your disk-harrow."

BLACKSMITH BUSY

There has been a remarkable response to last week's announcement in The Northern Tribune that a competent blacksmith would be at Pipestone Creek on Saturday's from noon to 10 p.m. This new repair service commenced on Saturday last with a very busy day for Harold Hosker. One item manufactured from an old plow-share is worthy of note. It is a brush-cutter fitted with an axe handle, and intended to do the usual thing for cutting small brush and willows level with the ground. "Just like playing golf," says Ed Wood, for whom the unique weapon was made.

SIMPLE ARITHMETIC FOR BACHELORS

One and one make two, but if one and one should marry, it won't be long before there'll be two and one to carry.

WAPITI NEWS

WAPITI, April 4.—Mrs. E. Watt is visiting the Grows for a few days.

The Grows family are now back in the settlement once more, and the children attending school.

The new teacher, Miss Moors, arrived Saturday night from her home in Dilmedup, Percy, Millarston and Grande Prairie, and many assured us afterwards how much they had enjoyed the play.

Carl Berg is the owner of a spiffy new car. We wonder just what Carl has in mind!

Mr. Kitson and his son, John, spent a long week-end at Aspen Ridge.

SEEN AND HEARD AT THE CROSSROADS

Charley seen straightening his tie. Ahem!

Maurice swallowing his cigarette butt?

Vic and Carl seen with a very vacant look in their eyes. Does anybody hold the clue to all this?

RIO GRANDE NEWS

POPULAR YOUNG COUPLE WED

RIO GRANDE, April 4.—On Tuesday of last week a very pretty wedding was solemnized when Alice Irene Braemar of Leighton was united in marriage to George MacGregor Davis of Halcourt. The wedding took place at the home of the bride's parents.

After the ceremony a number of guests sat down to a delightful wedding supper, after which they and all their friends went to Halcourt Hall, where a good, jolly dance was enjoyed till the wee sma' hours.

LOCAL BRIEFS

Mrs. Carter and Thelma are home from their stay in Beaver Lodge.

Mrs. Willard and Maxine, who were visiting at the Braemar home, have returned to their home at Tupper Creek.

Mr. Beadle and A. Hill have left for Vermilion.

Betty Meraw is helping Mrs. Cooke.

All the young folks are looking forward to the dance and play on the 18th.

Miss Hazel Nichol left for a visit amongst relatives in Edmonton.

Donny Kinsmen is paying a visit at the E. Cage's.

WHILE THE WORLD GOES ON

William with a real load.

Congrats to Mick on his birthday, April 3.

Daren enjoying life.

Grand load going to a dance at El

Capacity House At Presentation of "A Grand Old Darling"

Clever Acting Features Two Hours Of High-Class Entertainment—Staging Shows Master Hand Of Capable Director—Play To Be Seen At Rio Grande And La Glace—Other Books In Prospect.

BEAVER LODGE, April 4.—"Hats off" to our dramatic club, who put on the three-act play, "A Grand Old Darling," in Victory Hall, April 1, to a packed house, who were unanimous that it was the best play ever put on by local talent here. The cast of ten players were mostly oldtimers in the district. The proceeds, about two hundred dollars, go towards furnishing the new hospital. A number of tickets have been received for the play to be seen on other points, as far away as Dawson City. The production is assured of a full house wherever it may be shown. Much credit is due the director, Mr. W. G. Johnson, for 2½ hours of real enjoyment. Music was supplied by Mr. Tennyson's girls' orchestra.

The lure of the North was too strong for another farmer to resist and Mr. Leonard Taylor of Halcourt left on Saturday for Yellowknife gold fields, having signed a one-year contract as a steam engineer for the Consolidated Mining & Smelting Company.

Mrs. McDonald, assisted by Mrs. Cox, put on a novel April Fool party at her home on Third Avenue North on Friday afternoon. Sixteen guests were present.

Shipments of hogs and beef cattle have fallen off of late and only a light shipment went out on Saturday's train.

AN EASTER THOUGHT
His hand is cast in Nature
And in the starlit sky.
At the sunset, the sun's beauty.
Lifts the thoughts to things on high:
To gaze upon its splendor.
A scene sublime and grand,
In all its matchless colors.
Tinted by the Master hand.

His hand is seen in Spring-time,
When Winter's garb is laid aside
And Nature dons her robes of green
With flowers on every side.

With the dawn of a new creation,
After months of her beauty shorn,
Nature bursts forth in all her glory
In a glad resurrection morn.

D.E.H.

ST. LUKE'S (ANGLICAN) Beaver Lodge

REV. SIDNEY W. SEMPLE, B.A., L.Th. Rector.

- No age limit. Anyone residing in the Peace River country is eligible.
- Essay must deal with Monkman Pass Highway project and the benefit it will be to the writer's district. A description of the district and its opportunities for settlers may be included.
- Write only on one side of paper.
- Length of articles must not be over 1,500 words.
- How well written "your" the subject will be the main consideration in awarding prizes.
- Decision of the judges will be final.
- All articles entered in the contest, whether they win a prize or not, become the property of The Northern Tribune, to be used in the Special Monkman Pass Highway Edition if suitable and space permits.
- Entries must be in the Tribune office before **SATURDAY, APRIL 23RD, 1938.**

A GOOD BOOST THIS YEAR AND THE MONKMAN PASS HIGHWAY PROJECT IS OVER THE "HILL." ... ACT NOW.

BEAVERLODGE JOTTINGS

HALCOURT NEWS

DAVIS-BRAMAN

BEAVER LODGE, April 4.—"Hats off" to our dramatic club, who put on the three-act play, "A Grand Old Darling," in Victory Hall, April 1, to a packed house, who were unanimous that it was the best play ever put on by local talent here. The cast of ten players were mostly oldtimers in the district. The proceeds, about two hundred dollars, go towards furnishing the new hospital. A number of tickets have been received for the play to be seen on other points, as far away as Dawson City. The production is assured of a full house wherever it may be shown. Much credit is due the director, Mr. W. G. Johnson, for 2½ hours of real enjoyment. Music was supplied by Mr. Tennyson's girls' orchestra.

After the wedding the guests sat down to a delightful supper and then all adjourned to the Halcourt Hall, where the bride and groom's friends turned out to give them a real send-off. Among the guests were the bride and bridegroom's families and F. Wartente, Mr. and Mrs. W. Fraser, Mr. and Miss Beadle, Mr. B. Dahl and the Hill family.

We wish the young couple every success in their new venture.

TID BITS

Albin Ringstrom is back from holliday in Sweden and reports a good time.

In the draw for the quilt Miss D. Purves was first, Mrs. Sid Watson second, and M. McNaught third.

Don't forget the big dance on Friday of this week (April 8).

Come on, the Maple Leafs!

CORNWALL NEWS

FLASHES FROM THE CORNWALL CORNER

CHOOKEED CREEK, Mar. 28.—On March 23 Mr. and Mrs. Gordon May and family moved into their beautiful new home, which was expertly built by Carl Johnson. Mr. and Mrs. May take this opportunity to thank their many kind friends for their help. They are having a house-warming party on April 8. Everybody welcome.

Mr. and Mrs. Bigler from Crystal Creek paid a visit to the May home.

Mrs. George Neims left with Mr. and Mrs. Bigler to spend a week with her parents, Margaret Neims accompanied her.

Percy Bigler is spending a week with the Woodwards.

The Cornwall district turned out almost in full force to the play held at Edgewood School on March 25. "Here Comes Charlie" was splendidly acted and we in Cornwall all enjoyed the play tremendously.

SEEN AND HEARD

John Daalgaard a charming host to his Sunday callers, Goldie Satten and Eddie Veltch.

Cornwall school children making their way to school Monday morning and struggling against a blizzard.

Billie locking himself out and climbing through a window.

Eleanor Wilson back at her old game—solving mysteries.

Marjorie missing Ted at the dance—and finding consolation in Ted's brother.

A despatch to the New York Times from its Washington bureau said that land reported to exist in the Arctic ocean about 400 miles north of Point Barrow, Alaska, may be claimed by the United States.

ILLUSTRATED NEWS OF THE WEEK -

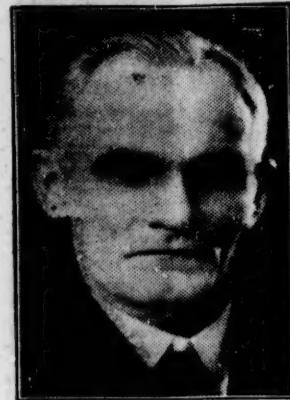

A SPECIAL TRIBUNE FEATURE

THE BEST OF THE WEEK'S INTERESTING NEWS PICTURES

GALE PLAYS HAVOC WITH HOME FLEET IN GIBRALTAR

British battleships and cruisers which have carried the British flag to the four corners of the earth and plowed through any gale without damage must have frowned at the weatherman when he blew a gale while the home fleet was at anchor at Gibraltar and played havoc with awnings and caused the death of a signalman on the "Revenge." Picture shows "all hands" grappling with awning after it had broken loose on the quarterdeck of H.M.S. "Revenge."

CHANGES POST

Hon. George Spence, who has resigned as Minister of Public Works in Saskatchewan to accept a post with the Dominion government to direct Prairie Farm Rehabilitation Act work in the three Prairie Provinces.

TURKEY'S NEW CAPITAL GROWS AT ASTOUNDING RATE

A few years ago Angora was a straggling village of some 20,000 inhabitants, living in more or less primitive conditions. The Turkish government decided to make Angora the capital of Turkey, and today the village is a modern city with a population of 135,000 and increasing rapidly. Many fine buildings have been erected, and this picture shows the monument erected at Angora by the government depicting "Public Security."

AS POLAR PARTY WAS RESCUED

When a rescue party finally reached the group of Soviet scientists who had been drifting on an ice floe in the Arctic for several months, workers were forced to clear away a small mountain of snow from their polar base before the camp could be evacuated, above.

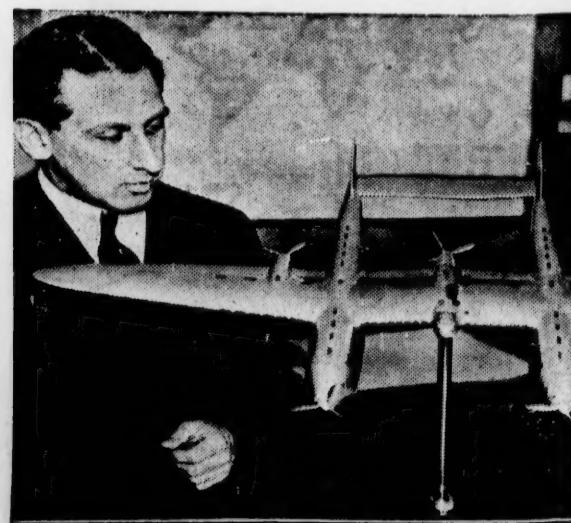

SUDBURY WOLVES HOME AFTER SUCCESSFUL EUROPEAN TOUR

The Sudbury Wolves have arrived back home after a strenuous tour in Europe and brought back the world's amateur hockey title with them. This picture shows some of the boys as they left the Canadian Pacific liner "Duchess of Bedford" at Halifax and hurried back to get into the Northern Ontario Hockey Association play-offs in an effort to capture the Memorial Cup, emblematic of Canadian amateur hockey supremacy.

NEW LAW DOOMS GRETNAGREEN

The introduction of a new law in parliament requiring couples to reside in Scotland twenty-one days before marriage dooms Gretna Green and its famous "marriage mill," above, where thousands of runaway couples have been married.

SUPER PLANE FOR OCEAN SERVICE

Alexander P. de Seversky, shown above with a model of his super Clipper plane at Farmingdale, L.I. The plane, designed for transoceanic service, will carry 120 passengers and a pay load of 43,000 pounds. The ship will have a cruising range of 5,000 miles and can be adapted as a super-dreadnaught of the skies.

IN MEXICAN DISPUTE

Efforts to force the release of three employees of a United States oil company subsidiary in Tampico, Mexico, are being made by Lawrence S. Armstrong, U.S. Consul in Mexico City, above. The men were held as hostages by workers claiming back pay when foreign-owned oil lands were expropriated by decree of President Cardenas.

The Aryan and the Jew: "As long as we tolerated lice in our fur we were considered a cultured folk; as soon as we got rid of the parasites, we are barbarians." —Das Schwarze Korps, Berlin.

AN INTERESTING TABULATION OF COMPARATIVE NAVAL STRENGTH

At a time when the leading nations of the world are boasting their armament budgets the above chart, showing the comparative naval strength of the six world powers, is interesting. The figures show the respective navies as they were on January 1, 1938, but do not include ships more than 20 years old, and do not include certain ships under construction and appropriated for.

WAR RELIC MAY GO FOR SCRAP METAL

This big howitzer of World War days is in the ground of Herford Castle, but it may shortly be sold for scrap and be "reincarnated" in a weapon of more modern proportions. The youngsters look at the howitzer with interest because they were not born when it roared defiance at the enemy.

ENVOY'S SON IN A GRASS SKIRT

Joseph, Jr., son of the American Ambassador to Great Britain, Joseph L. Kennedy, is made up for his part in a Harvard University play at Cambridge, Mass. Although there was some discussion about Joseph, Jr., wearing a grass skirt, the envoy's son said he didn't mind.

Fire police make a last desperate effort to locate potheen (illegal Irish whiskey) at Ballyheidan. —Dublin Opinion.

ALONG THE WAPITI

By Junius

TREES BREAKING INTO BUD
ALONG THE WAPITI, April 5.—We, like the rest of the north country people, have been experiencing a few days in April borrowed from March. Even so, all the trees along the river are breaking into bud.

Geo. Ahern was a visitor Friday night at the MacLean homestead.

A JUSTIFIABLE PROTEST

Our congratulations to the Scotchman who protested about the swing music applied to the songs and dances of Scotland, nearly bailed by all Scotchmen and others. We heard over an American station swing music applied to that glorious song commemorating the martyrdom of one of Scotland's heroes—

"I'll take the high road and you'll take the low."

But I'll be in Scotland afore ye."

There is something rotten in Denmark when such things are allowed.

Mrs. J. C. MacLean paid a visit to the ferry last week.

Don Kennedy has been suffering lately with an affected finger.

Dave Mathews is helping Don Kennedy.

Ed Woods, suffering with a lump growing in his tongue, went into the Prairie to the doctor.

Mr. and Mrs. W. Davies left last week for Vancouver. We join with the community in wishing them good hunting.

Mr. and Mrs. Kenneway moved into their new home last week.

Ian McAllister is helping Thorne Frederickson.

Tom Brumpton is practising the 23rd Psalm ready for spring work.

The "flu" epidemic seems to have run itself out. We all had more than our share of it.

We are glad to hear that Mrs. Cahoon is better again after her operation in the Grande Prairie Municipal Hospital.

Harold Hosker completed a Bennett cart for A. K. Wattis and it was duly christened the Go-to-Heaven in direct contrast to Dave White's, which is called the Go-to-H--- or Go-Devil.

Some returned men are getting itchy feet as Vimy Day draws near. There might be a few in the Prairie, but 24 miles is 24 miles, and we do not own cars.

SCENIC HEIGHTS

By Junius

MONKMAN PASS DANCE DATE CHANGED TO APRIL 13

SCENIC HEIGHTS, April 4.—Take notice that the dance in aid of the Monkman Pass Highway Association here at Scenic Heights will be held on **Wednesday evening, April 13**, instead of the 14th, as previously advertised.

People of Lake Saskatoon district have kindly promised their assistance, so this dance should be an outstanding success. Remember the time: Wednesday, April 13.

UNITED CHURCH SERVICES RESUMED

After a lapse of over three months during the winter, United Church services were resumed here on Sunday, April 3, at the hour of 11 a.m. The Rev. Newman J. Truax of Wembly was again in charge of the service.

The next service at Scenic Heights will be held at the same hour on April 17. You are cordially invited to attend.

ANNUAL MEETING OF S.H.A.A. TO BE HELD APRIL 8

The annual meeting of the Scenic Heights Athletic Association has been called for Friday evening, April 8. All interested in sport and the activities of the Athletic Association are requested to attend.

LAST SOCIAL EVENING OF SEASON FRIDAY

With Friday's social evening it is expected a grand "finis" will be written to the regular social gatherings held at the community hall during the winter months.

These social evenings have proved quite popular and have undoubtedly held the spotlight in the social activities of the community.

The success of these social gatherings is due chiefly to the splendid cooperation of the people of Scenic Heights and neighboring districts.

LOCAL BRIEFS

Mr. and Mrs. C. Smith, who were in charge of Mr. White's farm during his absence left on Thursday's train for St. John, where Mr. Smith has obtained a homestead. During the few months spent at Scenic Heights Mr. and Mrs. Smith made a host of friends, who wish them the best of luck in their new surroundings.

Miss Pearl Boyce has been engaged by Mrs. E. Harvey to assist her with the spring work.

Mrs. C. L. Heiken returned home in Canada after the Great War under the provisions of the Bonus and Service men's act totalled 25,017 and there are now 4000 classed as "soldier settlers." It was said in a return tabled in the House of Commons by Hon. Fernand Rinfret, secretary of state.

The returned soldiers who took up land in a two weeks' visit with friends in Grande Prairie and Sexsmith. Such a holiday, even though of short duration, is certain to ease the change which is necessary even to a varied life on a farm. Mrs. Heiken, who looked in excellent health, will no

doubt return to her work with renewed vigor and enthusiasm.

Mr. A. McKee has been completing his battery charging business in this locality, before leaving for Hythe, where he has obtained employment.

Congratulations to Mrs. H. Fowler and Mr. H. Dool, who won first prize, respectively, at the whilst drive last Friday evening.

Mr. Walter Richards and infant son are expected to arrive home on Thursday. Walter is already looking forward to the time when he'll have some help in the work in the fields.

TWO RIVERS

By "Prairie Dust"

I.O.D.E. MEETING

TWO RIVERS, April 5.—The I.O.D.E. met at the home of Mrs. McNeil. As it was a stormy day there were only seven members present. New ways of raising money for the hospital were discussed. A delightful lunch was served afterward.

Target-shooting was held recently at Harrop and a number of medals were won. Quite a number took in the play in Beaver Lodge on Friday.

The next W. M. S. meeting will be held at Mrs. Tyrell's on April 13. Come early and help quilt.

Congratulations to Dorothy Purvis on winning hospital quilt, raffled by Mrs. Daigleish, Mrs. Dahl and Mrs. Longson.

SEEN AND HEARD

Mrs. A. Lock and Mrs. L. Lock celebrating their birthdays.

Roye stalled on his way to the dance.

Jim splitting wood for the neighbors.

Mrs. A. Karr and her daughter Gwen visiting her mother, Mrs. G. A. Longson.

Kay visiting at Lock's.

Longson's car in the garage.

Ed McNab chopping at the Harris farm.

Ed. Irwin back in the districts.

MacLeans visiting at Chambres.

A number being April fooled.

GOODWIN

GOODWIN, April 4.—Our merchant, Mr. Krause, transacted business in Grande Prairie on Wednesday.

Mrs. Monroe and Mrs. Goodland spent Wednesday out north visiting Mrs. Mackay.

Fred Neway of Beamsont spent a couple of days last week in Goodwin, renewing old acquaintances.

Dr. Neilson of Debolt was a caller in Goodwin on Friday.

Paul Buel was a caller at Lind's on Saturday.

Lou Anne Davies entertained several of her friends on Saturday on her seventh birthday.

Miss Fenton and Mr. Merrick visited Miss Hartman last week-end.

Gene Dame is the owner of a car, purchased from B. Taylor.

Howard Henry and family and Mrs. Krause and Teddy visited at the Ronald Moody home Sunday.

Thirteen gathered at the Lind home on Sunday and enjoyed a feed of ice cream.

Mrs. Goodland helped Mrs. R. Knobbe a couple of days last week.

J. L. Lenz was a caller at Reg. Moody's Sunday.

SEEN AND HEARD

Roses, blooming in Goodwin, must surely be a sign of summer.

Fred demonstrating how his dog can yodel.

Everyone short a couple of weeks of good sleighing.

Gene and Cal out for a joy-ride.

MY AIN FOLK ON AMATEUR HOUR VERY GOOD

We enjoyed listening in to Lake Saskatoon district's contribution to the amateur hour last Sunday afternoon over CFCGP. All the numbers were enjoyed but one which was the solo by Mrs. Fenton.

Miss Fenton, "My Ain Folk," a lovely old Scotch song that expresses so fervently the longing of the exile for the homeland and friends. Old-timers have been delighted in days gone by with the singing of Mrs. Fenton and note that with the passing of years her voice has lost none of its charm.

YOU'RE TELLING ME NEXT MONDAY NIGHT

Under the direction of Mrs. E. H. Jacque the Lower Beaver Lodge Glee Club will present their play, a three-act comedy, "You're Telling Me," at the Huallen Community Hall, Monday night, April 11. Curtain rises at 8:45 promptly. At the conclusion of the play a dance will be held, for which the reunited Wembly Vagabond's Orchestra has been engaged. Popular prices for both show and dance will prevail. Everybody come and enjoy a real evening's entertainment.

ASPEN RIDGE DANCE ENJOYABLE AFFAIR

The dance at Aspen Ridge last Friday night was a very enjoyable affair. Music was supplied by Len Kaufman, Marion Grubb, Zeb. Schmidt and Johnny MacDougall. The C.G.I.T. girls had an ice cream and candy stand in charge of Miss Marion Willey and it did a thriving business during the evening. Proceeds from this side line will be used to help finance expenses of the girls, who are going to camp next summer.

SEEN AND HEARD

Orie Remington has left the district, his destination, the States.

Roland Goebel (11) sporting a gay fedora.

Mervyn says driving the car becomes tiresome. How come?

Len trying to swing Loch Lomond at the dance and gets the raspberry. Albert D. buying some "antiques" at the sale.

Emil Schneider bidding a nickel for a pile of slabs.

Geo. Clayton acquiring a tractor while Holmes burns out into the wood-sawing business.

The cuff did not go alone to the dance at the Ridge.

Lars having a toot-on the saxophone. By yimmin!

That Dunc has bought a farm on the Mountain Trail.

JENKINS TO START ASSAULT ON CAPT. EYSTON'S RECORD

SACRAMENTO CITY, Calif., April 11—An exclusive air interview KSL learned of Ab Jenkins intent to break the endurance auto records and capture the measured mile mark (311 m.p.h.) from Capt. Eyston. Assault on the Salt Flats begins early in July. KSL is developing plans to carry the remote features by short-wave a distance of 125 miles from the main studios.

CARD OF THANKS

We wish to extend our heartfelt thanks to all who so kindly assisted and for the words of sympathy and beautiful floral offerings extended at the death of our beloved wife and mother.

Frank Bliss and Family.

SEEN AND HEARD

Eddie and Alice hiking to town.

Arvil talking about making dish towels out of his salt sacks.

Pete putting his head in the air.

Bill Watson trying to make a canary drink but it didn't work.

Ina winning ten cents.

RADIO LICENSE FOR BATTERY SETS

Grande Prairie business man. He should talk to users of Tribune classified "ads." They will inform him differently.

THE NORTHERN TRIBUNE

HUALLEN NEWS

COMMUNITY HALL ANNUAL MEETING

HUALLEN, April 4.—The annual meeting of the Huallen Community Hall was held last Saturday evening.

Reports of the year's work were presented by the secretary-treasurer, M. N. E. Clegg. A number of matters relative to the operation of the hall were up for discussion and officers for the ensuing term were elected as follows:

President—M. S. Hart.

Vice-President—George Schadeck.

Secretary-Treas.—Mrs. M. S. Hart.

Hall Committee—Art. Walton, W.

Kirkpatrick and Cliff Aldred.

SHOW M. P. H. A. SLIDES

P. G. Fawkes and Albert Smith,

members of the executive of the Monkman Pass Highway Association,

presented their lantern slide lecture at the hall Saturday night.

The event proved of great interest to all present.

At the conclusion of the lecture a collection was taken to help augment the hall cutting fund.

DROP IN SALE PRICES

Col. Hogg conducted an auction sale of

the house of Mr. and Mrs. Gould.

The W. L. held their monthly meet-

ing Saturday in the W. L. building,

with nine members and two visitors

present. Mrs. Willard and Mrs. Hamilton were guests.

Rev. Miss Wiley held service Sun-

day afternoon in the South Swan Lake

school-house. There was a fine at-

tendance.

The Boy Scouts held their monthly

meeting at the home of Mr. and Mrs.

Alstad.

By the Gleaner

Mrs. Larson and her daughter, Jean, left for Edmonton on Monday's train.

Mr. and Mrs. Louis Alexander of Buffalo Lakes were visitors in Grande Prairie on Friday and Monday.

The A.T.A. met in Montrose School on Saturday evening.

The W. M. S. of Forbes Presbyterian Church will hold their next meeting on Wednesday, April 13th at 3 p.m. in the church.

The I.O.D.E. held their monthly meeting at the home of Mrs. Sparby on Monday evening.

The Girls' Work Board had a very interesting meeting on Monday evening at the home of Mrs. O. B. Harris.

Women's Missionary Society of St. Paul's United Church met this (Wednesday) afternoon at the Manse.

The Women's Musical Club meet on Thursday afternoon of this week at the Nurses' Home, when Miss Garrett will be hostess.

Miss Jean Beamer started work on the telephone staff on Tuesday.

Mrs. C. Gant spent Sunday in Edmonton, leaving on Monday for Vancouver.

D. O'Brien arrived back Sunday morning from a business trip to Edmonton.

Mrs. C. Gant was the guest of honor at a tea at the home of Mrs. J. Flood on Thursday afternoon of last week.

Mr. and Mrs. Maurice Mahood left on Friday's train for Waterways, where they will make their home for the time being.

Mrs. Guy Stokes, with George and little daughter, "Pete," left on Monday's train for Edmonton, where they will stay with Mrs. Stokes' sister, Mrs. Toooley, for awhile.

The Junior C.W.L. will meet at St. Joseph's Academy on Friday evening, Nelly O'Connell in charge.

The Senior C.W.L. meet tonight at the home of Mrs. Toussaint. After the business part is over, their pastor, Rev. Father A. J. McGuire, will speak on his two-month-many-thousand-mile tour.

The High School pupils, their teachers and friends had a thoroughly enjoyable All Fools' party at the school on Friday evening. Games were played. Mr. Churchill provided the peppy dance music, and Phyllis Mengler, with the band, sang. Mrs. Thompson, Dolly Watson, Jean Smart and Hilda Law in a tap-dancing group added to the pleasure of the evening.

The Women's Association of St. Paul's United Church will hold their annual tea and sale of daffodils and home cooking in the church basement on Saturday, April 16th from 3:00 to 6:00 p.m.

Miss Joyce Tofer of Hermit Lake, who has been staying with Mrs. Haggerty, after taking a business course, moved on Saturday to Mrs. D. O. Carroll's, where she will stay until the end of the term.

Christ Church choir gave a farewell party for Mrs. C. Gant at the Speke Hall on Thursday evening. Mrs. Gant has been a loyal member of this choir for many years, so in grateful remembrance her fellow members presented her with a fine hymn and prayer book.

Mr. and Mrs. Halverson and family moved the beauty parlor into the Fletcher Block last week and took up

their residence in the house formerly occupied by Mrs. M. Thompson and girls, between the homes of Mr. Gant and Mr. and Mrs. MacDonald and daughter.

Miss Phillip of the Beaver Lodge Hospital staff, arrived here on Saturday to be night supervisor at the Grande Prairie Municipal Hospital for the next two months, while her place at Beaver Lodge is temporarily filled by Miss Ganzeveldt of the Municipal Hospital staff.

The Women's Association of St. Paul's United Church will meet at the home of Mrs. E. M. Biles, Wednesday, April 13th at 3 p.m.

Don't forget the sale of fancy work and tea to be held at the Salvation Army Hall at 2:30 p.m., Saturday, April 9.

Mrs. B. M. Peterson of Sexsmith returned home last Saturday from a five months' vacation in Minnesota, where she visited her father, whom she had not seen for 28 years.

Mrs. Ira Card is an Edmonton visiting her son Gerald, who has been quite ill with an attack of the mumps. While Gerald is now improving, he will be unable to report for work for at least two weeks. His illness has prevented Gerald at this time from taking accountant examinations.

SHOWER FOR BRIDE-TO-BE

Mrs. T. Massie gave a miscellaneous shower at her home on Monday evening in honor of a bride-to-be, Miss Myrtle Nells of Bezanion. Twenty-four guests were present and a most enjoyable time was spent playing bingo and other games.

Little Joyce Conley, dressed as a dainty bride, wheeled in the many fine presents in her prettily decorated wagon.

ANNUAL I.O.D.E. EASTER DANCE

Alpheus Patterson Chapter, I.O.D.E., will hold their Annual Dance on Easter Monday, April 18, in the Grand Theatre (old Capitol). Dancing will commence at 9 p.m.

THANKS

Little Muriel Halverson, who is a competitor in the Royal Yeast Cake Scholarship Contest, wishes to thank all those friends who have been collecting labels for her.

ALMOND COOKIES FOR THE TEA TABLE

What could be finer than almond cookies when it comes time for a cup of tea? Perhaps it's the Mandarin influence or, perhaps, it's just a desire for "match-making food." At any rate, Almond Cookies are Preference Number One when tea is served.

The recipe for Oatmeal Almond Cookies is as follows:

Oatmeal Almond Cookies

1/2 cup butter.
1 cup sugar.
1 1/3 cup almonds, blanched and chopped.
1/4 teaspoon cinnamon.
1/4 teaspoon cloves.
1 egg.
1 cup Quaker Rolled Oats.
1/2 teaspoon nutmeg.
1/2 teaspoon salt.
Grated rind of half lemon.
2 tablespoons milk.
1 cup flour.
2 teaspoons baking powder.

Cream butter and sugar together. Add well-beaten egg. Sift flour with spices and baking powder, then mix into this the oats, nuts, finely chopped, and lemon rind. Add this mixture and liquid to batter. Then drop by spoonfuls on buttered cookie sheet. Press half of an almond meat on each and bake in a quick oven 400 degrees.

GRANDE PRAIRIE PRESBYTERIAL LAY PLANS FOR THE SUMMER

A meeting of the executive of the Grande Prairie Presbytery, held at the home of Mrs. Rex Harper on Friday last, plans were made for summer and fall rallies.

Mrs. W. J. Thomson gave some of her impressions of conference branch.

Word has been received of the forthcoming visit of Miss Mitchell, Dominion travelling secretary, details of which will be announced later.

Clairmont and...

(Continued from Page One) — Peace River country when the highway is constructed.

"In the past," observed Mr. Monkman, "we sent men to Ottawa, who urged for the construction of a coast outlet. The government in power at the time practically told the delegates to go back home and see if they could do the job themselves. That was something. All this is changed, and today the people in the Peace River stand together as one man. The gathering here tonight demonstrates the unity of the people."

In closing Mr. Monkman made a strong appeal to the youth of the country, who, he said, would be the real gainers when the highway is constructed.

Mr. Gus Dumont, secretary of the Block branch of the Monkman Pass Highway Association, spoke briefly. She said, "It will be splendid to go back to Dawson Creek and tell of this wonderful meeting," and assured the gathering that the people in the Block will do their very utmost to assist the Association.

Albert Smith, chairman of the Grande Prairie branch, said he would like to raise the money to complete cutting of the trail through the Pass. He stated that the delegates who are at Vancouver report progress and considerable financial aid is expected from that quarter, adding that the Pacific Milk Company has agreed to supply the canned milk for the work crews.

Mr. Smith further stated that donations of flour, oats and other stores are needed.

Referring to the work being done by Tom Sheehan, E. V. Bergin and other members of the Clairmont branch, Mr. Smith expressed the hope that they would continue to get loyal support from the community.

Mr. Bergin referred to the small beginning of the association and how it had developed into a huge organization covering the country. He informed the gathering that besides the \$80 collected that night the branch has \$70 to turn over to the central organization.

Mr. Bergin observed that he believed that Clairmont will cut two miles of the trail instead of one mile, the first objective.

After pointing out that western interests were not eastern interests, Mr. Bergin said: "Today the people of the West have to send east for goods and pay for the long haul, and this condition will exist until there are improved transportation facilities to the coast—the Peace River's natural highway."

The chairman reported that the committee were unable to come to a decision as to who should be awarded the prize, so a coin was flipped and Alex Monkman won. He was handed a box and after removing much paper finally came to a hand mirror, which he said, he would use next summer in the mountains.

Then the dance went on.

Card Party

There were six tables at the card party held in the old bank building, which was in charge of Mrs. "Sid" Drysdale.

Oscar Pitman won the men's prize and Mrs. R. A. Trout the ladies'. Following the card games the party joined the dancers.

Are You a Mason?

(Continued from Page One) —

to become a Mason because her father was such a good one and her mother favored Masonry. Mr. Bloodgood, however, insisted he was one so that when they thought he was at lodge meetings he was really enjoying himself elsewhere with his old cronies.

Frank also pretended he had joined the Masons to offset suspicion that he had also gone out when his wife was away. They both put up a very good deception for a while but the strain was unbearable to Frank and he told Mr. Bloodgood that he was not a Mason. This hindered Frank's social life, which was very bad, and found out that Frank was not a Mason. Mr. Bloodgood refused him the money. But Frank, by bringing up the subject of Angeline (she was a former sweetheart of Mr. Bloodgood and was supposed to have drowned herself because of him) finally succeeds in obtaining the money.

The part of Mr. Bloodgood was interpreted quite realistically, while portrayal of the character of George was unbecoming to Frank and he told Mr. Bloodgood that he was not a Mason. This hindered Frank's social life, which was very bad, and found out that Frank was not a Mason. Mr. Bloodgood refused him the money. But Frank, by bringing up the subject of Angeline (she was a former sweetheart of Mr. Bloodgood and was supposed to have drowned herself because of him) finally succeeds in obtaining the money.

Amongst the ladies Mrs. Bloodgood's acting was very well done. This part calls for temperamental rendition, which she did with good credit to her ability—after such a trip especially. The parts of the daughters were all acted with alacrity. It was a cause for wonder how they managed to keep their costumes so fresh looking. The parts of the daughters were all acted with alacrity. It was a cause for wonder how they managed to keep their costumes so fresh looking.

The British government announces an increase of approximately 25 per cent in the Jewish immigration quota for Palestine, now restricted to 8,000 persons annually.

According to Grande Prairie people who have seen it "outside," "One in a Million" is a musical comedy with a melodic-laden Twentieth Century Fox spectacular musical smash that thrillingly glorifies the girl in a million, lovely Sonja Henie, is one show that should not be missed, with its romance and drama in stunning snow-silvered settings. It will be at the Capitol Theatre next Monday, Tuesday and Wednesday.
